23). Para. 22. C.F; supra. and see
The chief conservator of forest in his letter
Dt. 4-9-59. page-23. reports that he has agreed
with the report of the conservator of forest Coorg in
not to release lands occupied by the villagers
of Nagavalli, Hardanahalli District forest.
The petitioners (villagers) are of the opinion
that the unauthorized, cleared area of the forest
would become irrigable by the repairs of the
old breached tank in that area. It is
seen from the report of the conservator Coorg Dist.
that the P.W.D. has surveyed the area & are
able to restore the tank. The conservator of
forest. Coorg page 25 A & B. also states
that the matter ~~would be~~ of releasing the
lands would be considered only when the
breached tank is repaired & to the extent
it would feed the lands.

24) Whether the Agr. Dept. may be permitted
to issue the endorsement proposed on Page 24.
for kind orders.

From

Siddaiah, Sattayya and others,
Kumbara Community
residents of Nagavalli Grama,
Chandakavadi Hobali, Chamarajanagar Tq.
(Mysore Dist)

Secy A & F

Respected Sir,

We the Kumbara residents consisting of about 40 families of Nagavalli Grama, Chankavadi Hobali Chamarajanagar Tq, Mysore District, beg to submit to your honour:-

Of the above Kumbara families of the above place, few have houses and the rest have no houses of their own. We do not have own lands for agriculture purpose. We are too poor and are struggling hard for our existence.

Further to carry on our profession of pots manufacturing we do not get sufficient clay due to water in the Tank.

As the benign Govt. of Mysore are pleased to disburse lands to the backward community as we are, we appeal to you to please grant us lands:-

(1) Grant of agricultural lands.

(2) Grant of land for houses,

(3) arrangement for securing Clay for our profession and thus we are to be saved from starvation, ruination and poverty.

To immediately sanction to us the lands for the above purpose, we furnish below the details of the land available for assignment:

P.T.O.

The land situated bearing block No.1 in Haradanahalli belonging to District Forest, Chamarajanagar Taluq, Mysore District. wherein there is over 2000 acres of land, and of this the particular spot we want is Block No.1 wherein about 3 acres of land locates of which we pray to distribute to these 40 families both for agricultural purpose and for houses.

This is a very very urgent matter to be considered.

The said land belongs to the District Forest Department and so your honour will immediately arrange with the concerned authorities for allotment to us and disbursement as well.

The said land locates close to our village within 4 miles in distance. And it is 3/4th mile from Iynpura.

From about 5 months we have been appealing the Govt, and so far it is not sanctioned.

Hence we appeal to you to please make immediate arrangements for allotment to us and thus save us and protect us.

Thanking your honour,

2-2-59

Yours most obediently,

NB:-
The Mahazar signatures
of the residents is
herewith attached
for perusal and
disbursement accordingly.

No.B3-344-3149/58

Chief Conservator's Office,
Bangalore, dated 4-9-1959.

To

The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Application for grant of lands in ~~Hennemara~~ Hardanahalli District Forest from Harijans and Kurubars - Nagavalli

Ref:-Your memo No.AFD 364 DST 58 dated 14-2-1959.

I enclose a copy of letter No.M.LA. 43/59 dated 14-8-59 from the Conservator of Forests, Coorg Circle, along with its enclosure for kind perusal. The applicants are stated to be requesting for lands on the contention that the area cleared by them would become irrigable by the repair of old breached tank in the area. Conservator of Forests reports that the Public Works Department have surveyed the possibilities of restoring the tank and in view of this he has suggested rejection of the application for the present and to reconsider it when the repair of the tank is complete. The Conservator of Forests is not in favour of releasing the areas for dry cultivation in view of the availability of extensive areas suited for such cultivation in the immediate vicinity outside the reserve. I agree with the Conservator of Forests.

This also disposes of the three applications received with your memo No.AFD 364 DST 58 dated 2-1-1959, AFD 56 FGL 59 dated 11-2-1959 and AFD 101 FGL 59 dated 12-3-1959.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.

5. I am not in favour of release of the area for purpose of dry cultivation as I understand extensive areas suited for such cultivation are even now available in the immediate vicinity outside reserve.

6. The six petitions received vide your endorsements (No. and date furnished below are resubmitted.

------

(2) Copy of letter No.F.812/E6 dated the 22nd July 1959 from the District Forest Officer, Mysore to the Conservator of Forests, Coorg Circle, Mercara.

Sub:-Application for grant of lands in Hardanahalli District Forest from Harijans and Kumbars of Nagavalli village and Harijans of Alur.

With reference to your letter No.M G1. 19317/58 dated 7th April 1959 regarding the grant of lands in Hardanahalli District Forest, I write to state as follows:-

Several applications from the above villagers, Harijans and other communities have been received for the grant of lands About 50 acres were unauthorisedly cleared in Block II of Hardanahally District Forest in the month of January 59 by the ryots of the above villages, which has been constituted as a State forest as far back as in the year 1913. This area has been inspected by me 10-2-1959.

There is an old breached tank in the area within the State Forest. It is contended by the villagers that with the repairs of the breached tank, the lands now cleared by them would become irrigable, but it is seen, that the lands cleared lie at a higher level than the existing sluice of the breached tank. Even if renovation of the tank is taken up and the sluice raised, I do not think the lay of the land applied for, would permit water being drawn for irrigating the lands included in the state forest.

It is learnt that the Public Works Department authorities are surveying the area to find the possibilities of restoring the tank. If and when this work is taken up, the department may agree to the release of lands from the State forests of the irrigable areas only.

The following petitions received in original are returned. herewith.

1. Villagers of Nagavally - Kumbars - No.MG1. 19317-57 dated 7-4-59 of the Conservator of Forests, Coorg Circle, Mercara.

2. Villagers of Nagavally- Kurbars - No.B3-344-3149/58/E1 dated 13-3-1959 of the Chief Conservator of Forests.

3. Villagers of Nagavally Harijans No.B3-G1. 5196/58 dated 2-3-1959 of the Chief Conservator of Forests and No.A1-22-5[illegible] 572/59 dated 11-3-1959 of the Conservator of Forests, Coorg Circle, Mercara.

4. Villagers of Nagavally Harijans No.B3-G1.5196/58 dated 14-3-1959 of the Chief Conservator of Forests and No.M.G1. 19317/58 dated 16-2-1959 of the Conservator of Forests, Coorg Circle, Mercara.

5. Villagers of Nagavally- Harijans No.B2-G1. 5196/58 dated 14-3-1959 of the Chief Conservator of Forests and No.M.G1. 19317/58 dated 18-3-1959 of the Conservator of Forests, Coorg Circle, Mercara.

6. Villagers of Alur, Harijans - No.B3-5826/59 dated 19-1-59 of the Chief Conservator of Forests in Mysore, Bangalore and M.48-131/59 dated 23-1-59 of the Conservator of Forests, Coorg Circle, Mercara.

(1) Copy of letter No.M.L.A. 43/59-60 dated 14th August 1959 from the Conservator of Forests, Coorg Circle, Mercara to the Chief Conservator of Forests in Mysore, Bangalore.

Sub:-Application for grant of lands in Haradanahalli District Forest from Harijans and Kumbaras of Nagavalli and Harijans of Alur.

The District Forest Officer, Mysore, in his report No.F.812/E6 dated the 22nd July 1959 (copy enclosed) referring to the grant of land in Haradanahalli District Forest, to the villagers and other communities of Nagavalli, states that about 50.00 acres of land were unauthorisedly cleared in Block II of the said forest which was constituted as a State Forest in 1913.

2. The area applied for and unauthorisedly cleared was inspected by me on 10th February. I find that the area cleared lies to the South of Hebballa and runs along the Dadedahalli Budipadaga cart track and forms part of Sy.No.1 of Haradanahally village and was taken over as far back as 1913 for constitution of Haredahalli Block I and II which adjoin Chamarajanagar State Forest.

3. The following is an extract from my Tour journalfor the day.

"Inspected the area unauthorisedly cleared in Chamarajanagar State Forest to the South of Hebballa and along the Dadedahalli Budipadaga cart track. About 50 acres have been cleared by the Harijans and others of Nagavalli.

It is contended that with the repairs of the old breached tank in the area, the lands cleared would all become irrigable and on this ground the dis-afforestation of this plot is sought. The Tahsildar too compalined to the Hon'ble Minister the other day that the State Forest Boundary has been wrongly laid out to include this land and that in effect it is the Forest Department that had encroached.

On examination I find that the Tahsildar in his apparent anxiety, to secure the lands for the villagers of Nagavalli has conveniently ignored the fact that 1135.5 acres were released from S.No.1 of Haredanahalli village as far back as 1913 for constitution of Haredahalli blocks I and II and that these two blocks adjoin Chamarajanagar State Forest. This release has apparaently not been recorded in the Revenue accounts and advantage has been taken of this omission to correct records and lay charges against this Department.

The lands cleared lie at a level higher than the existing sluice of the breached tank and even assuming that during renovation of the tank, the sluice would be raised, I do not think the lay of the land would permit water being drawn for irrigating the lands included in the state forests.

The lands cleared are in two blocks. One close to the tank and the other separated from the tank by aRange of hillocks. Though this second block is suited for cultivation, there is not the slightest prospect of its conversion into wet lands.

A I understand P.W.D. have surveyed the possibilities of resotring the tank. If and when this work is taken up we may agree to the release from the State forest of the irrigable areas only".

B 4. For reasons detailed supra, I suggest rejection of the petition for the time being for reconsideration after the survey of the possibilities of repairing the breached tank now being made by the P.W.D. is complete and a complete picture of the extent and distribution of the area that would be irrigable is made available by the P.W.D. authorities.

P.T.O.
